

The First India - International Orthodontic Symposium 2020

Intelligent Orthodontics Orthodontics for the Future

September | 21-23 - 2020 | Coorg | Karnataka | India

In association with

DEAR COLLEAGUES,

The organizing committee of the 21st International symposium extend a warm invite to you to attend this symposium in exotic India a place known for its rich culture, heritage and technical prowess.

The symposium is planned around the theme of "Intelligent Orthodontics ; Orthodontics for the future" (I-Ortho) and will have prominent speakers sharing their experiences in the fields of predictive orthodontics, artificial intelligence integration into treatment to list a few, with us. The sessions will have speakers from Europe, USA and other key countries, we expect a wide participation from Europe, Asia, Japan, South Africa and of course India

This symposium is being hosted as a collaboration between the EURASIAN ASSOCIATION OF ORTHODONTISTS, The Coorg Institute of Dental Sciences, India and the Indian Orthodontic Society on the 21st Sept to 23rd Sept 2020 and will be in-house at the Club Mahindra Resorts in Virajpet which is a five star resort and will provide an excellent backdrop for the scientific deliberations.

While the scientific sessions whet your intellectual appetite, we will also ensure that your gastronomic senses are satisfied thorough our themed gala dinners focusing on the culinary delights of southern India. We will also take you on estate walks with the legend of the dancing goats, in the birthplace of Indian coffee. Cultural sessions themed on the melting pot of cultures that is India will enthrall you every day.

For those of you bitten by the travel bug we promise you an experience of a life time as we will take you through history, mythology and ancient science in the UNESCO world heritage sites of Belur and Halebid. The nature lovers amongst you will be in the lap of nature and will have an opportunity to sight the Indian tiger, the Indian elephant and the bison in the jungles of Nagarhole. We invite you to join us for what will be a peek into the cutting edge technologies that will drive orthodontics into the future, the sessions and panel discussions have been planned to provide enough time for not only for knowledge but also provide you with opportunities to interact with the experts on a personal basis.

Welcome again to Incredible India and I-Ortho.
